

Retail Exfoliants Overview

Exfoliant Name	Skin Type / Condition	Key Ingredients	Benefits
Micro-fine Daily Exfoliant <i>Eve Taylor® Hero</i>	All skin types & conditions Especially sensitive and rosacea type skin.	Fruit Enzymes, Alpine Plants, Mallow Extract, Eucalyptus, Bergamot.	Non-abrasive enzyme exfoliation gently exfoliates surface skin cells. Illuminating botanicals brighten the skin, giving a fresh appearance.
Exfoliating Scrub	All skin types & conditions Except hypersensitive and full face breakout prone skin.	Powdered Bamboo, Soya, Glycerin, Lemongrass.	Easy to use facial scrub gives instantly fresh skin. Spherical shaped bamboo beads exfoliate without scratching. Leaves skin feeling smooth and soft.
Resurfacing Cream Exfoliant (6% AHA)	Mature, ageing, hyper-pigmented, congested or breakout prone skin	Glycolic Acid, Lactic Acid, Sunflower Oil, Grape leaf Extract.	Fruit & hydroxy acids exfoliate the skin without friction or scrubbing. Resurfacing actions help to minimise appearance of fine lines and wrinkles. Leaves skin smooth and glowing.
